Agenda

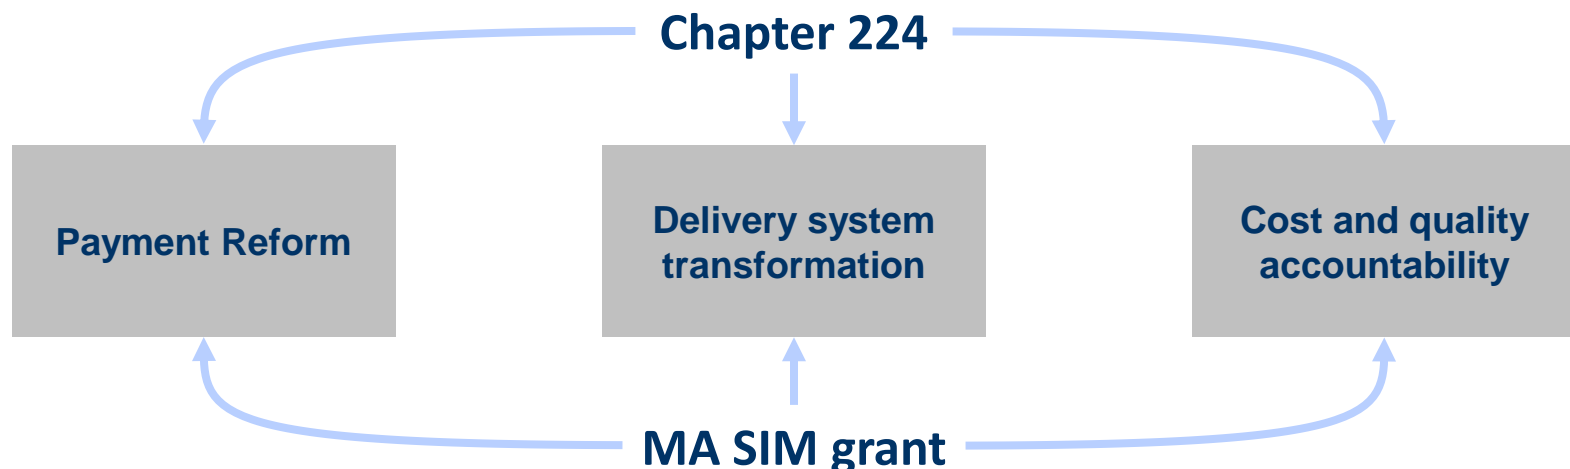

- Welcome
- State Innovation Model (SIM) Grant
Administrative Update
- Center for Health Information and Analysis (CHIA)
All-Payer Claims Database (APCD) Provider Portal
- Executive Office of Elder Affairs (EOEA)
Community Links Portal

Massachusetts State Innovation Model

The Commonwealth has a long and proud history of health care innovation:

- Chapter 58 of the Acts of 2006 – First in the nation to secure nearly universal health coverage for all citizens
- Chapter 224 of the Acts of 2012 – First in the nation to lay out a plan for cost containment

Chapter 224 defines a clear vision for health reform in the state and provides tools to achieve that vision. SIM supports and accelerates progress:

SIM Grant Projects

What is our goal?

**The Triple Aim:
Better population
health, better
experience of
care, lower costs**

How do we do it?

Payment Reform

**Delivery system
transformation**

**Cost and quality
accountability**

How does SIM help us get there?

**MassHealth Primary Care
Payment Reform**

**GIC Value-Based
Purchasing Initiative**

**All Payer Claims Database
Provider Portal**

**Adoption of Health
Information Exchange**

**Data Infrastructure for LTSS
Providers**

**Electronic Referrals to
Community Resources**

**Statewide Quality
Measurement / Reporting**

**Provider and Payer
Learning Collaboratives**

**Access to Pediatric BH
Consultation**

**Linkages between Primary
Care and LTSS**

**Technical Assistance to
Primary Care Providers**

**HIE Functionality for
Quality Reporting**

Rigorous Evaluation

SIM Grant Administration

Grant Administration

- Currently in Year 1 of grant
- Day to day grant implementation by EOHHS (SIM grant director), in close partnership with Centers for Medicare and Medicaid Innovation
- Grant funds support several initiatives, across a number of agencies

Recent Milestones

- MassHealth launched Primary Care Payment Reform
- Department of Public Health sent first e-Referral
- Executive Office of Elder Affairs launched Community Links Portal
- Massachusetts hosted site visits for federal grant team and evaluation team

Updating the State Innovation Model

Upcoming Administrative Milestones

- Submit continuation application and/or no-cost extension (November 1)
- Update operational plan (November 1)
 - Incorporating lessons learned on program timelines
 - Adding detail to the original SIM operating plan
 - Align investments to support current payment reform initiatives
 - Exploring reorganization and expansion of learning collaborative and technical assistance initiatives under a consolidated project structure
 - Seeking feedback from stakeholders and inspiration from other models

Healthcare Transformation Supports

As we explore reorganization and expansion of learning collaborative and technical assistance initiatives, what are the types of services and features that are most useful for you?

- Learning collaboratives, peer-to-peer networks
- Technical assistance and infrastructure support
- Conferences and workshops, communications, outreach and networking
- Practice coaching and targeted consulting hours
- Library of transformation resources
- Connections with data & analytics
- Public web forums to enable broad discussion
- Other ideas?
